## Berlin, Charité

International Graduate Program  
Medical Neurosciences

## Prerequisites

The **Part Time Program** is intended for students who are currently pursuing a degree in medicine, biology, psychology or similar and would like to enroll in the program additionally. They must have completed their *Physikum* or *Vordiplom* and must be enrolled at a Berlin University. They are expected to graduate after 36 months.

The **Full Time Program** is intended for students that have completed their first line of study (medicine, biology, psychology etc.). They must hold the degree of *Arzt*, *Diplom* or the respective international equivalents (M.D./M.Sc.) or the degree of B.M. or B.S. They are expected to complete the program in 18 months.

The **Doctoral Program** is intended for program graduates endorsed by the faculty. Other M.Sc. degrees are eligible as well, but students need to take an evaluation exam. The Ph.D. projects are expected to be finished within 36 months.

All students must provide a proof of proficiency in English (TOEFL or equivalent).
