## Nanoforum 2014 on 22. – 25. 9. 2014

MICEP representatives got involved in the conference and exhibition Nanoforum 2012 in Rome, Italy, on **September 22-25, 2014**. This event, hosted by the Faculty of Civil and Industrial Engineering, Sapienza University of Rome, provided an opportunity to get updated about the latest application in the field of micro, nano and advanced technologies, to get in touch with Italian and foreign experts and to develop relationships with potential commercial partners. Official website of the event is [here](#) .
